ELBA, ALABAMA 36323, THURSDAY SEPTEMBER 21, 1967

NUMBER 9

Country Club Tournament Announced

Today is the deadline for entries in the first annual Elba Country Club invitational golf tournament. There are approximately 50 out-of-town golfers signed up for the event at press time.

The tournament is scheduled for Thursday, September 28th and a limit of 100 golfers have been set by the golf committee.

Rotary Club Deer Hunt Is Announced

The annual Rotary Club deer hunt has been scheduled for Saturday, November 25th. The annual hunt is held in Escambia County on Dr. McCrory's plantation and is widely attended by local hunters and Brewton hunters.

The Rotary Club sells tickets for the event with the proceeds going to the Crippled Children's Clinic.

Hunting Rules Announced At Fr. Rucker

Hunting season opens at Fr. Rucker Saturday (Sept. 23) when deer season begins on the 6,000 acre military reservation.

The shooting day for deer is from 1 p.m. until sunset. After October 31, the shooting day will be from noon until sunset. The season closes November 11, reopening December 22 and continuing until January 10.

Bow and arrow hunters will be able to hunt deer from October 14 to January 15.

A limit of 10 bob-white quail a day may be hunted from November 20 to February 29.

Squirrel hunters can take eight a day from October 28 to January 15.

To use the facilities, a hunter must have an Alabama hunting license, a Ft. Rucker hunting license, a post hunting permit issued by the Provost Marshal and a post registration form for his gun.

The state conservation department has issued 50 antlerless deer permits to Ft. Rucker. These permits will be issued to both military and civilian hunters by the military game wardens.

The permit will be issued daily and must be turned back into the game warden office if they are not filled.

Girl Scout Leaders To Train

A Girl Scout Basic Leaders training course will be held at the Girl Scout hut on October 2, 5, 10 and 13. Anyone interested in participating should call Mrs. Oscar Vaughan, Jr. prior to these dates.

Throckmorton To Speak At Ft. Rucker

Lieutenant General John L. Throckmorton, Commanding General of the Third U. S. Army, headquarters at Ft. McPherson, Georgia, will be guest speaker at the Association of the U. S. Army meeting September 25 at the Officers' Open Mess at Ft. Rucker, Alabama.

Smith points out that the refund applies only to gasoline used for operating tractors or auxiliary equipment which are employed in preparing, cultivating or harvesting.

THE NEW MISS ELBA for 1967-68 will come from this group of 16 young ladies. The annual pageant, sponsored by the Elba Lions Club will be staged tonight (Thursday) at 7:30 P.M. in the Elba High School auditorium.

Proceeds from this event will go to the Lions Club Sight Conservation program.

Contestants are from left to right: Susan Crosby, Cheryl Deaven, Pam Vaughan, Jackie Snellgrove, Betty Calhoun, Janice Parker, Suzanne Prior, Cheryl Cooper, Charlotte Weeks, Judy Miles, Gussie Helms, LaWanna Houtti, Shirley Tucker, Susan Russell, Peggy Cole and Anella Sasser.

Adult Education Is Offered

The Adult Basic Education Program operates under the Adult Education Act of 1966, Title III of Public Law 89-750. The purpose of the program is to provide education for adults who have attained the age of eighteen, who are not currently enrolled in school, whose lack of basic education skills, grades 1-8 keep them from functioning successfully in our society of today. The instruction is designed with emphasis on the communicative skills of reading, writing, speaking, listening and lessons on good buying, health, human relations and home and family living.

Coffee County Adult Basic Education Classes will begin the first week in October. Enroll at one of the following schools: Goodman, Kinaston High-Mrs. Mable Purvis, Mrs. Effie Gooden, Kinaston High-Mrs. Onita Archie, Mr. James Helms; New Hope Jr. High-Mr. Leon Hornsby, Mrs. Estelene Helms; Warren Smith High-Mrs. Nahata Gavin, Mrs. Adelle Edwards, Aides-Gwendolyn Coleman; Zion Chapel High-Mr. John C. Windham, Mr. John F. Hudson.

Classes will meet two nights a week for two hours each night for nine months.

Throckmorton To Speak At Ft. Rucker

Lieutenant General John L. Throckmorton, Commanding General of the Third U. S. Army, headquarters at Ft. McPherson, Georgia, will be guest speaker at the Association of the U. S. Army meeting September 25 at the Officers' Open Mess at Ft. Rucker, Alabama.

Farmers Are Entitled To Gas Refund

If you use gasoline for farm operations, you are eligible for a refund of six cents a gallon upon proof of use.

The period covering the refund runs from July 1, 1966, through June 30, 1967 according to Dan Smith, Extension Service farm management specialist.

Deadline for making applications is Sept. 30, 1967.

The refund comes from the Alabama Department of Revenue.

Smith points out that the refund applies only to gasoline used for operating tractors or auxiliary equipment which are employed in preparing, cultivating or harvesting.

WINGBACK BRICE PAUL (number 42) sweeps his left end behind Quarterback Joel Martin (number 15) in the Elba-Luvenne football game last week. Elba lost the game by a score 13-0 in spite of gains such as this one by Paul and other Elba running backs.

This loss left the Tigers with one win and one loss as they go against the Opp Bobcats in Opp this Friday. Opp has won both their games this season, defeating Troy and Florida decisively.

The Elba Tigers will be assisted this week by end Johnny Martin who has not played with the ball as well as snare those hard to catch passes.

Tag Buyers Are In For Big Shock

Automobile and truck products and loggers hauling timber to a sawmill are finding different set of charges on as well as pulpwood timber vehicle tags when they begin paying October 1st. The new schedule of charges was compiled from the recently enacted law in the state that sets a flat tag charge for automobiles and other vehicles and a charge based on weight for trucks.

A schedule of tag charges was released last week in accordance with the new law. The tag charges are in addition to taxes on the vehicles. The tags for automobiles will cost \$13.75, \$10 above previous years; motorcycle tags \$7.75, mobile houses and utility trailers, \$3.75; truck trailer or semi-trailers, \$20.75; school, hospital and church buses, \$14.75; and all other trailers, \$15.75.

Truck charges will be based on the weight of the truck plus the heaviest load to be hauled. It will be necessary to assess trucks by gross weights and not as in past years when costs were based on one-half ton, three-fourth ton, one ton, etc. State regulations say that it is not permissible to assess with the manufacturers listed weight but owners must know the actual weight of the truck plus heaviest load capacity. If a license is issued and it is not sufficient to cover a loaded truck, a citation will be issued and then the truck owner will forfeit all cost of license tag, plus penalty and citation fees.

According to the schedule of charges released by the state recently charges for 0 to 8,000 pounds will be \$13.75; 8,001 to 18,000 pounds, \$30.75; 18,001 to 30,000 pounds, \$45.75; 30,001 to 42,000 pounds, \$75.75; 42,001 to 52,000 pounds, \$105.75; 52,001 to 62,000 pounds, \$135.75; and 62,001 and over \$250.75.

Farmers hauling farm

PTA To Meet October 3

The monthly meeting of the Elba Parent Teachers Association (PTA) will be held Tuesday, October 3, at 7:15 P. M. This is the first meeting of the school year. All parents are urged to join this group of persons interested in better schools.

Varied and interesting programs have been planned for the year. An Association (PTA) will be attractive yearbook has been prepared for all members.

The first program, October 3rd, will be conducted by Circuit Judge Riley P. Green, Jr., of Troy. He will speak on "Adequate laws and Protection for our Youth Today."

CONSTITUTION WEEK was proclaimed by Mayor Mullins and the John Coffee Chapter of the DAR in ceremonies last week. The resolution stated that the week of September 17 through 23, 1967, will be Constitution Week in Elba.

Mayor Mullins urged all citizens to pay special attention during the week to the Federal Constitution and the advantages of American Citizenship.

Witnessing the signing are Mrs. Willard Martin, left and Mrs. May Bryan, right.

Jus' Ramblin'

By
LUCILE K.
WOODHAM
McRAE

THIS NEWSPAPER received a letter recently from a friend whose husband is stationed with the Air Force at Randolph AFB, Texas. She mentioned that she wanted to continue getting this newspaper to see what I had to say about George Wallace and went on to say that "maybe Alabama would prosper if George did become president. You should see how San Antonio has grown since Johnson went in. Lots of military units have moved here during the past few years and now next year we are to have the World's Fair". She mentioned the money being spent downtown now on construction and that they talk like the "Tower of the Americas" is to be "the thing". She said it sounds like a lot of money to her and that she had not decided if she wants to go up 622 feet or not. She told about the hotel that is being built and that it was the first time she had heard of building the rooms somewhere else and taking them to the hotel already completely furnished.

The "Tower of the Americas" now stands at 594 feet, and four more stories will be added to the Top House section. As each is built, the one on top will be boosted to make way for the new. When all are completed, the Top House will be boosted to the top of the tower.

tioned about the finances it was admitted that the federal government does provide aid for a project even if the local share is financed by private interests, as long as the project is on public property, as this would be on public sidewalks and streets.

Besides the "Tower of the Americas" and the big new Hilton Hotel, San Antonio is really at work getting ready for the World's Fair. The San Antonio of tomorrow will be quite different in a few months - San Antonio of tomorrow will be a show place. In other words the San Antonio I saw will not even resemble the one I'll see when we make a trip through there next year.

REGARDLESS OF the United Auto Workers strike, auto manufacturers are introducing the 1968 models. According to information released the forecast for 1968, barring a prolonged strike, and despite other economic uncertainties, most manufacturers look for new model sales to exceed "disappointing" 1967 levels.

FIVE YEARS to ten years from now, hindsight will reveal just how clearly the mistakes that are sowing the seeds of much of our trouble today - trouble that a little foresight could have avoided. Foresight as a rule is simply a matter of reckoning with existing facts. The danger signal is flying.

BLAME FOR the tragic riots of the past summer was attributed at least in part to the frustrations of the unemployed. All kinds of make-work schemes were tried, and some no doubt helped but at heavy cost to taxpayers. Ironically, jobs for many people who need help the most were legislated out of existence. Even as

It's Time For... EYE CARE

Dr. Newton K. Wesley
DRIVING AND VISION

Vision requirements in most states have tightened for drivers. Only South Dakota permits a person to drive a car without taking a driver's test. Some states permit the driver to wear contact lenses, asking only that he present a card showing he is a wearer of the tiny vision aids.

Motor transportation has increased at such a high rate in recent years that 6 million people are examined each year for driver's licenses. In our states require visual examinations upon license application. Much pressure is presently being exerted to include such examinations in the other 39 states. At 6 million drivers each year, it seems reasonable to suppose that many of these new motorists need some type of vision correction.

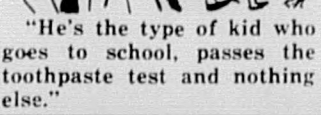

One good law missing in all 50 states is a test for night vision or glare resistance. Some states restrict a driver to daytime motoring if he has a deficiency, but some provision should be made to include a night driving test.

Many people know they should be wearing glasses while driving and do not wear any type of correction. The Driving Research Laboratory of Iowa State College states that 60 per cent of the general adult population require glasses but only half of them wear them.

If you are one of the 6 million drivers in this country, you should be sure you are driving with your vision at its best. Have your eyes examined soon.

tificial jobs were created at taxpayers expense the federal wage and hour laws were amended to increase the minimum wage. Lost jobs have been the result. The federal minimum wage increase which goes into effect February 1, 1968 will spur inflation and mean more lost jobs for the unskilled workers. As the federal minimum wage rises, individual states establish their own minimum wages, often higher than the federal level. The result will be harmful to those it is intended to help - unskilled and semi-skilled workers, part-time female employees, minority groups and teenagers.

IF TAXES keep going up, the often quoted observation that the power to tax is the power to destroy may be proven valid once again.

"He's the type of kid who goes to school, passes the toothpaste test and nothing else."

Rucker Colonel Observing In South Vietnam

The Assistant Commandant of the Army Aviation School, Colonel M.H. Parson, is in Vietnam evaluating the training given here to Army aviators and mechanics.

Col. Parson is a member of a U. S. Continental Army Command team which is visiting battle areas for first hand reports. He will be discussing training programs with commanders and with graduates to determine if changes in training are needed to meet combat requirements.

Each quarter, USCONARC sends an evaluation team to Vietnam to evaluate the training conducted at Army service schools and training centers.

Col. Parson is to return to Ft. Rucker in early October.

Draft Questions Answered

Editor's Note: As a public service, and because of widespread interest in problems which face most young Alabamians, the Elba Clipper carries this article which answers questions most asked of the State Selective Service System.

Alabama Selective Service Director Hugh J. Caldwell, Jr., said that one of the questions most received at State Headquarters,

Checkless Society

The American Bankers Association foresees a major pilot checkless community project in three to five years. Instead of buying goods with a check or cash, a consumer would give the clerk a personal identification card. The card would activate an electronic transfer of funds from the customer's bank account to the store's account. Payrolls would be handled similarly. If the test succeeds, it's figured that by 1977 eighty-six percent of the bills an average person now pays by check would be paid by electronic transfers.

lective Service System, 474 South Court Street, Montgomery, Alabama, 35104.

Question: My draft board has issued two different cards to me and told me to carry them with me at all times. Why did they give me two cards?

Answer: The first card you received is your Registration Certificate (SSS Form No. 2). The other card is your Notice of Classification (SSS Form 110) which tells you how your Local Board classified you. Both cards should always be in your possession. They must not be mutilated, altered, burned or destroyed.

Question: Does a registrant have the right of appeal to the President from an Appeal Board Classification?

Answer: Yes, if one or more members of the Appeal Board dissented from such classification. The vote by which the Appeal Board classified you is shown on the Notice of Classification mailed to you.

Lead-Free Amoco.

It's true. Here's proof.

We matched Lead-Free AMOCO against these premium brands, in 13 separate tests with 208 cars, over months of mileage runs. The Sports Car Club of America certified results. This is their notarized statement:

"Lead-Free AMOCO got more miles per gallon than these other brands." Why the tests? We wanted to prove that Lead-Free AMOCO can give you more mileage. So we didn't use professional drivers, or tracks, or test cars.

Our drivers were everyday motorists like you: housewives, taxi drivers, college

students. They drove their own cars—sports cars, taxicabs, family sedans—regardless of make or model. They didn't use test tracks. They drove where you drive, on all kinds of roads, in all kinds of weather, through all kinds of traffic.

And Lead-Free AMOCO beat these brands in miles per gallon. It doubles spark plug life, too. And users report up to 79,000 miles without muffler replacement. Make your own mileage test with AMOCO—the only Lead-Free Premium Gasoline in America. Only at American Oil Dealers. Another reason why: "You expect more from American and you get it!"

AMOCO Super-Premium Gasoline. Certified Lead-Free. The Only One.

Debbie Jacobs Honored On Eleventh Birthday

Miss Debbie Jacobs, 11, daughter of Mr. and Mrs. Ward, Judy Kelley, Joyce Paul Jacobs, Sunset Blvd., Ziegler, Steve Ziegler, Jan and was entertained Saturday, Ziegler, Mark Davis, and September 9th with a Tony Jacobs.

Her mother served as hostess and was assisted by Mrs. James Jacobs and Mrs. Joe Jacobs.

Those attending included: Rhonda Jacobs, Jimmy Jacobs, Brenda Suley, Donna Boswell, Donna Adkinson, Becky Kelley, Diane Pope, Rhonda Morrow, Paula Taylor, Judy Lee, Ann Martin, Nancy Taylor, Nancy Thomas, Bala Brury, Theresa Jacobs.

Miss Devane

The first meeting of the Junior Music Club was held Monday evening, September 18, at 7:00 p.m., at the home of Miss Cheryl Devane with Judy Scargough and Miss Devane as hostesses.

Those present included: Pam Vaughan, Cheryl Devane, Annelia Sasser, Suzanne Prior, Jackie Shellgrove, Patricia Kennedy, Susan Russell, Becky Engrish, Becky Morrow, Sandra White, Carol Vaughan, Nina Rowe, Beverly Rainer, Judy Scargough, Sharon Faulk, Beth Farris, Sammie Waters, Sue Young, Kay Stephens, Nancy Brock, Christina Cooper, Marie Vaughan and LaWanna Hocutt.

During the business session, plans were made for the annual Southeastern Alabama District meeting which will be held in Elba on October 14th. This meeting is a high point of the year for any music club and will feature local talent and varied musical entertainment.

Mrs. Milton Lites presented a delightful program on children's music. She stressed the advantages of developing a taste for a high quality of music in the young child.

Following the program the meeting was adjourned. The meeting was attended by the following: Mrs. Paul King, Mrs. Fred Smith Jr., Mrs. W. C. Braswell, Mrs. Edwin Cooper, Mrs. Bill McCollough, Mrs. Milton Lites, Mrs. George Collier, Mrs. J. C. Fleming, Mrs. Robert Davis, Mrs. Paul Hudson, Miss Sylvia Jones, Miss Jeanette Garrett, and the hostesses.

A late December wedding will take place at the Elba First Baptist Church.

Holland Reunion Is Held In Henry Holland Home

The annual Holland reunion was held September 3rd at the home of Mr. and Mrs. Henry Holland c Elba. Prior to this year, Holland reunions have been held in Thomasville, Ga. Those attending the reunion from Elba were: Mr. and Mrs. Jeff Bryan, Mrs. Albert Taylor, Mr. and Mrs. Jack Croley, Judy, and Mrs. Jerry Brown. Also attending were Janice, Dawn, and Kayla Young, Mr. and Mrs. Jack Bookholdt, Keith, Eva and Jack of Ft. Walton Beach, Florida; Mr. and Mrs. Bud Holland of Bonifay, Fla.; Mr. and Mrs. Arthur Holland of Slocumb, Alabama; Mr. and Mrs. Frank Jenkins of Dothan, Mr. and Mrs. H. J. Holland, Tommy and Billy of San Antonio, Texas and Mr. and Mrs. John L. Corbin and Jimmy of Moultrie, Georgia.

Garden Club Begins Year With Mrs. Taylor

On September 13th the Azalea Garden Club held the first meeting of the 1967-68 Club year at the home of Mrs. Hayward Taylor with Miss Mahle Brunson as co-hostess.

Mrs. Boyd Murphree, president, presided and gave Mrs. Flounoy Whitman a most cordial welcome as a new member.

Mrs. Robert Cannon, program chairman, reviewed the constitution and by-laws with each officer and committee chairman starting her duties. Other members present were: Mrs. Oliver Williams, Mrs. C. E. Dorsey, Jr., Mrs. Fred Clark, Mrs. Duke Tatum, Mrs. F. H. Murphree, Mrs. Price Ringo, Miss Zedie Rowe, Mrs. Sam Rowe, Mrs. Mose Ham, Mrs. John Kimmy, Mrs. V. D. McCreary and Mrs. Bancroft Cooper.

The day will consist of the morning service with a visiting minister bringing a message. The afternoon service will be devoted to Gospel singing, etc. The Melody Masters Quartet from Montgomery will be the guest singers at both services.

Roy Fullers Enroute To Italian Church

Rev. and Mrs. Roy Fuller and sons Phillip and Paul departed Elba, Thursday September 14, for Florence, Italy. Rev. and Mrs. Fuller were appointed in January by the Board of World Missions of the Church of the Nazarene.

Responsibilities will include supervising the 21 churches of the denomination and organized evangelistic efforts throughout the country.

Rev. Fuller is a 1955 graduate of Elba High School and is the son of Mr. and Mrs. C. E. Fuller of Elba. Mrs. Nina Fuller is a 1957 graduate of Goshen High School and is the daughter of Mr. and Mrs. W. D. Schofield of the Henderson community in Pike County. Rev. Fuller is a graduate of Trevecca Nazarene College and has served churches in Ft. Walton Beach, Fla., Gadsden, Ala., and Panama City, Fla.

Wise Mill Assembly Plans Homecoming

The Wise Mill Assembly of Route 1 will hold its annual homecoming on Sunday October 1st. Services will begin at 10:00 A. M. and dinner will be served at the Church. All members and friends are invited to attend.

The day will consist of the morning service with a visiting minister bringing a message. The afternoon service will be devoted to Gospel singing, etc. The Melody Masters Quartet from Montgomery will be the guest singers at both services.

YARDS Cleaning up and mulching around shrubbery beds three years or longer, it should be removed and replaced with new material. Adding mulch over a period of years raises the soil level and causes plant root systems to grow given on ways to stretch nearer the soil surface, the food dollar. First and This makes the plant more susceptible to cold and have a shopping list which

CLUBS In Extension Home-maker Clubs this month, a program is being given on "What Makes Food Prices". After having received this information it is hoped that members have a different feeling toward food prices. Also tips are root systems to grow given on ways to stretch nearer the soil surface, the food dollar. First and This makes the plant more susceptible to cold and have a shopping list which

CANS More and more things

are being sold in aerosol cans. Room fresheners, dessert toppings, hair sprays, pest bombs, sterilizing sprays—at least the count list runs into hundreds of commodities which are marketed in the convenient spray cans.

But the handy devices can literally turn into bombs when improperly handled. Aerosol cans containing tire-puncture sealants have been known to explode when left in trunks and glove compartments of automobiles parked in the sun.

Don't leave an aerosol container on a stove, radiator, furnace or in direct sunlight. Never discard an empty container into a fire or incinerator. Some gas usually remains even in an apparently empty aerosol. Heat causes the gas to expand and may lead to explosion. Never puncture an aerosol container. The contents of all aerosols are under pressure. Before discarding an aerosol container, hold the valve open until all of the contents and gas have escaped. Then place the empty container in the trash.

Several homemakers have called in requesting information on "Breakfast Come-Ons." If you would like a copy also, I would be glad to mail one to you.

A cholesterol-lowering diet need not be dull, Alabama Heart Association advises. Use more veal and lamb, and trim beef well of visible fat; substitute fish and chicken more often as sources of protein.

Water spots are the most common enemy of wood finishes. To remove, place a clean, thick blotter over the spot and press with a warm iron. The heat should soften the finish and allow the blotter to soak up the water. If this doesn't work, try rubbing with a cleaning wax.
